

# Sitio Capadocia

PMH095

Country: Brazil  
State: Minas Gerais  
Region: Mantiqueira, South Minas  
Altitude: 1330m  
Variety: Red Catuai  
Processing: Natural  
Farmer: Augusto Borges  
Screen size: 16+  
Moisture: Moisture: \_\_\_\_\_ %

Well rounded body. Honey comb, chocolate and sweet malt.  
Floral aroma and pleasant acidity.

Augusto is a member of APAS - The Alto da Serra Producers' Association. Founded in 1996 by a group of small producers, their aim is to improve their production conditions and quality. Traceability, good agricultural practices and sustainability are the main pillars. Every year their members are amongst winning farms at Cup of Excellence Brazil.

Mantiqueira has an ideal micro-climate: rainy during summer and dry during ripeness and harvesting periods. The mountainous area inhibits the use of machines, so coffee is selectively hand-picked.
